Park Facilities

- Pets allowed
- Play area
- Onsite shop

Local Area Information

The park is surrounded by farmland and road noise is minimal thus providing a tranquil environment ideal for those wishing to relax and escape the hectic pace of modern life.

Kingsbridge is centrally located for those wishing to access Anglesey and the Snowdonia National Park and has the advantage of its proximity to Beumaris with its comprehensive range of Hotels, Inns and restaurants having a wide variety of menus and prices. During the day there are many other cafes available for you to choose from.

Anglesey has some of the most variable geology in the UK and consequently its landscape varies considerably over its relatively small area. Its 400 foot cliffs in the north west give way to sandy coves and the expansive sandy beaches of Rhosneigr, Aberffraw and Newborough whilst the east of the island offers rolling hills and pebble beaches.

The surrounding countryside is of gentle rolling hills criss-crossed with public footpaths and narrow lanes edged with unspoiled hedges, an ideal location for walking and cycling.

The historic town of Beumaris, with its castle dating back to 1295, lies 2 miles south west of the park. The local coastline offers breath taking views across the blue waters of the Menai Strait to the Snowdonia mountain range.

Locally

- Shops
- Putting green
