### Park Description

Set in the midst of a secluded country lane, Bwlch Holiday Park is truly a hidden treasure. Bordered by woodland, farmland, wild heather and gorse, Bwlch Holiday Park puts you right in the middle of nature where you can spend your time unwinding and relaxing, to the peaceful sounds of birds and wildlife.

Located on the Isle of Anglesey, in the small village of Benllech Bay, stunning views can be found not far from the holiday park. The sandy beach of Benllech is approximately one mile away, where days can be spent sunning yourself during the summer months, or for beautiful winter walks during the cooler months.

Benllech is an ideal location to reach the rest of the island. Benllech is within close reach of many of the other stunning beaches which Anglesey has to offer, along with mazes of quiet country lanes, whether you wish to explore them by car, foot or even via bicycle or horseback, there are plenty of ways to see the island.
